Chapter 4 – Plumbing Fixtures and Fixture Fittings

TABLE 4-1 -- MINIMUM PLUMBING FACILITIES

Each building shall be provided with sanitary facilities, including provisions for the physically handicapped as prescribed by the Department having jurisdiction. For requirements for the handicapped, ANSI A117.1-1992, Accessible and Usable Buildings and Facilities, may be used.

ANSI A117.1-1992 is not adopted by the State of California. For HCD 1/AC requirements refer to the California Code of Regulations, Title 24, Part 2, Chapter 11A, California Building Code.

Note 1: [For DSA/AC] For requirements for persons with disabilities in public buildings, public accommodations, commercial buildings and publicly funded housing, see Title 24, Part 2, Chapter 11B.

Note 2: [For DSA/AC] With all clarifying notes that ANSI is not adopted and that for DSA/AC to carry out its statutory responsibilities, DSA/AC's application of California Plumbing Code Tables 4-1 through 4-4 are limited to those applications stated in Section 101.11.9 of this code.

The total occupant load shall be determined by minimum exiting requirements. The minimum number of fixtures shall be calculated at fifty (50) percent male and fifty (50) percent female based on the total occupant load.

INITIAL STATEMENT OF REASONS

STATEMENT OF SPECIFIC PURPOSE AND RATIONAL

PART 5 CALIFORNIA PLUMBING CODE

The 2001 California Plumbing Code incorporates by adoption the 2000 edition of the Uniform Plumbing Code (UPC) of the International Association of Plumbing and Mechanical Officials (IAPMO) with necessary DSA/AC California amendments.

DSA/AC proposes repeal of the 2000 edition of the UPC and adoption of 2003 edition of the UPC with existing necessary CA amendments. DSA/AC amendments are as follows:

Chapter 1 - ADMINISTRATION

Section 101.4.1.1.3.1 is being proposed for deletion by DSA/AC.

In 101.8 (Format) the acronym for the Uniform Plumbing Code is not shown with a period after each letter (UPC). This same sentence is unclear if a specific chapter of the UPC is adopted by DSA/AC.

DSA/AC is amending Section 101.8 by adding periods after each letters within the abbreviation to read “U.P.C.” To make clear specific chapters of the U.P.C. are not adopted by DSA/AC the 2nd sentence is amended to indicate that, “such chapter of the U.P.C.” is not adopted by DSA/AC.

In 101.11.9 currently the acronym for Division of the State Architect is incorrect, which reads “DSS/AC...”. DSA/AC is making an editorial correction to read “DSA/AC...” which is the correct acronym for Division of the State Architect-Access Compliance.

In the body of the regulations section 101.4.0 is adopted by DSA/AC, however is not shown in the Matrix Adoption Table. DSA/AC would like to see the Matrix Adoption Table indicated adoption by DSA/AC for section 101.4.0 (Application).

Chapter 2 - DEFINITIONS

The spelling of the definition for ‘accessability’ is incorrect and the words ‘the handicapped’ are not a proper reference. DSA/AC proposes to make an editorial correction to correct the spelling to read “accessibility”, and to change by reference the words “~~the handicapped~~” to “persons with disabilities” to be consistent with definition in Part 2 for clarity and consistency with Chapters 11A and 11B.

Chapter 3 – GENERAL REGULATIONS

DSA/AC’s adoption of the general provisions of UPC Chapter 3 is no longer necessary. DSA/AC proposes to repeal adoption of Chapter 3 because the model code regulations are inconsistent with accessibility regulations in C.C.R., Title 24, Part 2.

Chapter 4 – PLUMBING FIXTURES AND FIXTURE FITTINGS

Tables 4-1, 4-2, 4-3 and 4-4

DSA/AC is proposing to amend existing note in **Table 4-1** to include a cross-reference 'for DSA/AC requirements for persons with disabilities, referring to the California Code of Regulations, Title 24, Part 2, Chapters 11A and 11B, California Building Code'.

DSA/AC is proposing to adopt a new note #2 in **Table 4-1** and **new Note in Tables 4-2, 4-3 and 4-4**. Existing note in Table 4-1 would be renumbered as Note #1. DSA/AC is proposing to adopt a Note to provide a cross-reference 'for DSA/AC with all clarifying notes that ANSI is not adopted and that for DSA/AC to carry out its statutory responsibilities, DSA/AC's application of California Plumbing Code Tables 4-1 through 4-4 are limited to those applications stated in Section 101.11.9 of this code'.

In **Table 4-1** under '**Type of Building or Occupancy (Board of Corrections – Local Detention Facilities - Locked Sleeping Rooms**'¹¹)' the reference to Footnote 11 is incorrect. DSA/AC is correcting the footnote to read "... *Locked Sleeping Rooms*"¹⁵."

In **Table 4-1 (Footnote 2)** cross-reference to **Administrative Authority** is not applicable to DSA/AC. DSA/AC proposes to clarify jurisdictional authority by adding "[For DSA/AC] authority having jurisdiction".

In **Table 4-1 (Footnote 14)** there is an unrelated number 15 shown at the end of the sentence. DSA/AC is proposing to delete the number 15.

In **Table 4-4** under **Bathtubs or Showers Fixtures per Person (Organized Camps)** the ratio of 1 fixture for each 1-156 is incorrect. The number 6 should be a footnote #6. DSA/AC is proposing to correct the ratio to read: "1 1-15⁶".

Chapter 16 – PLUMBING REQUIREMENTS FOR ACCOMMODATION OF PERSONS WITH PHYSICAL DISABILITIES

Chapter 16 is not necessary for the reason that the plumbing requirements for accessibility to public buildings, public accommodations, commercial buildings and publicly funded housing are located in the California Building Code in Chapter 11B. To avoid any conflict, duplication or overlap of plumbing regulations the provisions under Chapter 16 are deleted for DSA/AC.

TECHNICAL, THEORETICAL, AND EMPIRICAL STUDY, REPORT, OR SIMILAR DOCUMENTS

DSA/AC is relying on the 2003 edition of the Uniform Plumbing Code (UPC).

CONSIDERATION OF REASONABLE ALTERNATIVES

The DSA/AC has determined that there are no other reasonable alternatives considered that would be more appropriate in carrying out the purpose for which these plumbing requirements for accessibility are proposed or would be effective and less burdensome to affected private persons than the proposed access compliance regulations.

REASONABLE ALTERNATIVES THE AGENCY HAS IDENTIFIED THAT WOULD LESSEN ANY ADVERSE IMPACT ON SMALL BUSINESS.

The DSA has made an initial determination that the proposed regulatory actions are changes which do not materially alter any requirement, right, responsibility, condition, prescription or other regulatory element of Title 24 and would not have a significant adverse economic impact on businesses.

FACTS, EVIDENCE, DOCUMENTS, TESTIMONY, OR OTHER EVIDENCE OF NO SIGNIFICANT ADVERSE ECONOMIC IMPACT ON BUSINESS.

These regulations are intended to provide plumbing requirements for accessibility. The DSA has made a determination that the proposed regulatory actions are changes which do not materially alter any requirement, right, responsibility, condition, prescription or other regulatory element of Title 24 and would not have an impact on business.
